No. 1 (August 1983)

PAGE

Editorial: Noble, W. C. The new hospital epidemiology 1

Naidoo, Jay, Noble, W. C., Weissmann, A. and Dyke, K. G. H. Gentamicin-resistant staphylococci: genetics of an outbreak in a dermatology department . . . 7

Cohen, D. R., Porter, I. A., Reid, T. M. S., Sharp, J. C. M., Forbes, G. I. and Paterson, G. M. A cost benefit study of milk-borne salmonellosis . . . 17

Harvey, R. W. S. and Price, T. H. Salmonella isolation from reptilian faeces: A discussion of appropriate cultural techniques. 25

Hinton, M., Ali, E. A., Allen, Vivien and Linton, A. H. The excretion of *Salmonella typhimurium* in the faeces of calves fed milk substitute 33

Fenlon, D. R. A comparison of salmonella serotypes found in the faeces of gulls feeding at a sewage works with serotypes present in the sewage 47

Fricker, C. R., Girdwood, R. W. A. and Munro, D. A comparison of enrichment media for the isolation of salmonellae from seagull cloacal swabs 53

Oosterom, J. and Notermans, S. Further research into the possibility of salmonella-free fattening and slaughter of pigs 59

Skjold, S. A., Wannamaker, L. W., Johnson, D. R. and Margolis, H. S. Type 49 *Streptococcus pyogenes*: Phage subtypes as epidemiological markers in isolates from skin sepsis and acute glomerulonephritis 71

Olusanya, O., Adebayo, J. O. and Williams, Bolanle. *Campylobacter jejuni* as a bacterial cause of diarrhoea in Ile-Ife, Nigeria 77

Ashcroft, J. and Pomeroy, N. P. The generation of aerosols by accidents which may occur during plant-scale production of micro-organisms. 81

Dadd, A. H., Stewart, Celia M. and Town, Margaret M. A standardized monitor for the control of ethylene oxide sterilization cycles 93

Umoh, J. U., Adesiyun, A. A., Adekeye, J. O. and Nadarajah, M. Epidemiological features of an outbreak of gastroenteritis/cholera in Katsina, Northern Nigeria 101

Cohen, B. J., Mortimer, P. P. and Pereira, M. S. Diagnostic assays with monoclonal antibodies for the human serum parvovirus-like virus (SPLV) 113

Naikhin, A. N., Tsaritsina, I. M., Oleinikova, E. V., Syrodoeva, L. G., Korchanova, N. L., Denisov, G. M. and Shvartsman, Ya. S. The importance of antineuraminidase antibodies in resistance to influenza A and immunologic memory for their synthesis 131

Murphy, A. M., Grohmann, G. S. and Sexton, M. F. H. Infectious gastroenteritis in Norfolk Island and recovery of viruses from drinking water 139

Grilli, E. A. and Smith, A. J. The use of a radial haemolysis test for neuraminidase antibodies in the diagnosis of influenza A infection 147

MANCINI, G., DONATELLI, I., ARANGIO-RUIZ, G., ROZERA, C. and MACCHIA, T. Comparison of haemagglutination-inhibition and single radial haemolysis techniques for detecting antibodies to influenza A and B viruses 157

OHARA, H., NARUTO, H., WATANABE, W. and EBISAWA, I. An outbreak of hepatitis A caused by consumption of raw oysters 163

No. 2 (OCTOBER 1983)

ANAND, C. M., SKINNER, A. R., MALIC, A. and KURTZ, J. B. Interaction of *L. pneumophila* and a free living amoeba (*Acanthamoeba palestinensis*) 167

FITZGEORGE, R. B. and DENNIS, P. J. Isolation of *Legionella pneumophila* from water supplies: comparison of methods based on the guinea-pig and culture media . 179

ISPAHANI, P. Bacterial meningitis in Nottingham 189

PERKS, ELIZABETH M. and MAYON-WHITE, RICHARD T. The incidence of scarlet fever 203

KOLAWOLE, D. O. Evaluation and use of the drug inhibition method of measuring intracellular killing in differentiating between staphylococci grown *in vivo* and *in vitro* 211

WRIGHT, E. P. The isolation of *Campylobacter jejuni* from flies 223

WRIGHT, E. P., TILLETT, H. E., HAGUE, J. T., CLEGG, F. G., DARNELL, R., CULSHAW, J. A. and SORRELL, J. A. Milk-borne campylobacter enteritis in a rural area . . 227

MELCONIAN, A. K., BRUN, Y. and FLEURETTE, J. Enterotoxin production, phage typing and serotyping of *Staphylococcus aureus* strains isolated from clinical materials and food 235

JONES, P. W., COLLINS, P., BROWN, G. T. H. and AITKEN, M. M. *Salmonella saint-paul* infection in two dairy herds 243

AITKEN, M. M., BROWN, G. T. H., JONES, P. W. and COLLINS, P. *Salmonella saint-paul* infection in calves 259

HARVEY, R. W. S. and PRICE, T. H. Effect of stool storage at room temperature on salmonella isolation from faeces 267

VLAJINAC, H. and KRAJINOVIC, S. Colicine production as an epidemiological marker for *Shigella sonnei* 273

SIMARD, CAROLE, TRUDEL, MICHEL, PAQUETTE, GILLES and PAYMENT, PIERRE. Microbial investigtion of the air in an apartment building 277

WRIGHT, R. C. The sterilizing capacity of propylene oxide and chlorhexidine diacetate solutions upon pre-injection swabs saturated with propan-2-ol 287

HOPE-SIMPSON, R. Recognition of historic influenza epidemics from parish burial records: a test of prediction from a new hypothesis of influenzal epidemiology . 293

VAN NIEUWSTADT, A. P. and VERHOEFF, J. Epidemiology of BHV 1 virus infection in dairy herds 309

MCVICAR, J. W. and EISNER, R. J. Aerosol exposure of cattle to foot-and-mouth disease virus 319

FRANCIS, M. J. and BLACK, L. Antibody response in pig nasal fluid and serum following foot-and-mouth disease infection or vaccination 329

NDIRITU, C. G., OULDRIDGE, E. J., HEAD, M. and RWEYEMAMU, M. M. A serological evaluation of 1979–1982 Kenyan foot-and-mouth disease type SAT 2 viruses . 335

PETHER, J. V. S. and CAUL, E. O. An outbreak of food-borne gastroenteritis in two hospitals associated with a Norwalk-like virus 343

GILL, J. E. and REDFERN R. Laboratory tests of seven rodenticides for the control of *Meriones shawi* 351

ANDREWS, R. V. and BELKNAP, R. W. Efficacy of alpha-chlorhydrin in sewer rat control 359

No. 3. (DECEMBER 1983)

SPECIAL FEATURE: Edmond-Isadore-Etienne Nocard 367

STANFORD, J. L. A simple view of nocardial taxonomy 369

STEVENS, D. A. Clinical and clinical laboratory aspects of nocardial infection . 377

HAY, R. J. Nocardial infection of the skin 385

BEAMAN, B. L. and SUGAR, A. M. *Nocardia* in naturally acquired and experimental infections in animals 393

SUGAR, A. M., CHAHAL, R. S. and STEVENS, D. A. A cephalosporin active *in vivo* against *Nocardia*: efficacy of cefotaxime in murine model of acute pulmonary nocardiosis 421

BUTTERFIELD, J., COULSON, J. C., KEARSEY, S. V., MONAGHAN, P., MCCOY, J. H. and SPAIN, G. E. The herring gull *Larus argentatus* as a carrier of salmonella . . 429

COULSON, J. C., BUTTERFIELD, J. and THOMAS, C. The herring gull *Larus argentatus* as a likely transmitting agent of *Salmonella montevideo* to sheep and cattle . . 437

FRICKER, C. R., GIRDWOOD, R. W. A. and MUNRO, D. A comparison of procedures for the isolation of campylobacters from seagull faeces 445

HARVEY, R. W. S. and PRICE, T. H. A comparison of two modifications of Rappaport's enrichment medium (R25 and RV) for the isolation of salmonellas from sewage polluted natural water 451

HUDSON, W. R., ROBERTS, T. A. and WHELEHAN, O. P. A minimal apparatus method for counting bacteria: comparison with reference method in surveying beef carcasses at three commercial abattoirs 459

MANSFIELD, J. M., FARKAS, G., WIENEKE, A. A. and GILBERT, R. J. Studies on the growth and survival of *Staphylococcus aureus* in corned beef 467

ADAMS, B. W. and MEAD, G. C. Incidence and properties of *Staphylococcus aureus* associated with turkeys during processing and further-processing operations. . 479

DEGENER, J. E., SMIT, A. C. W., MICHEL, M. F., VALKENBURG, H. A. and MULLER, L. Resistance of *Escherichia coli* in faeces and the use of antimicrobial agents in the treatment of hospital patients 491

FIGUEROA, G., TRONCOSO, M., ARAYA, M., ESPINOZA, J. and BRUNSER, O. Enteropathogen carriage by healthy individuals living in an area with poor sanitation . . . 499

ANDERSSON, P.-A., HAMBRAEUS, A., ZETTERSTEN, U., LJUNGQVIST, B., NEIKTER, K. and RANSJÖ, U. A comparison between tracer gas and tracer particle techniques in evaluating the efficiency of ventilation in operating theatres 509

BARTZOKAS, C. A., CORKILL, J. E., MAKIN, T. and PINDER, D. C. Assessment of the remanent antibacterial effect of a 2% triclosan-detergent preparation on the skin 521

HYLÉN, A.-M., KARLSSON, E., SVANBERG, L. and WALDER, M. Hygiene for the newborn – to bath or to wash? 529

OJANEN, T. H., KATILA, M.-L., MÄNTYJÄRVI, R., SEPPÄNEN, H., MUITTARI, A., KUUSISTO, P. and VIRTANEN, P. Exposure of water consumers to mesophilic actinomycetes . 535
